The king of carpet cleaners

King B Carpet Cleaning Services has provided a high-quality service to its customers since November 2004.

Bryan and Sarah Price purchased the business (formerly Busy Bee Services) from Henry Mildon in 2004 and Henry passed his wealth of knowledge on carpet and furniture cleaning and stain removal techniques to Bryan.

"We provide a high quality, thorough service," says Bryan, who is the carpet cleaning technician.

"We use a van-mounted, deep-steam extraction machine (which heats its own water on board to a very high temperature), which means the fastest drying time, without using your power or hot water.

It gives carpets the best clean ever," he says.

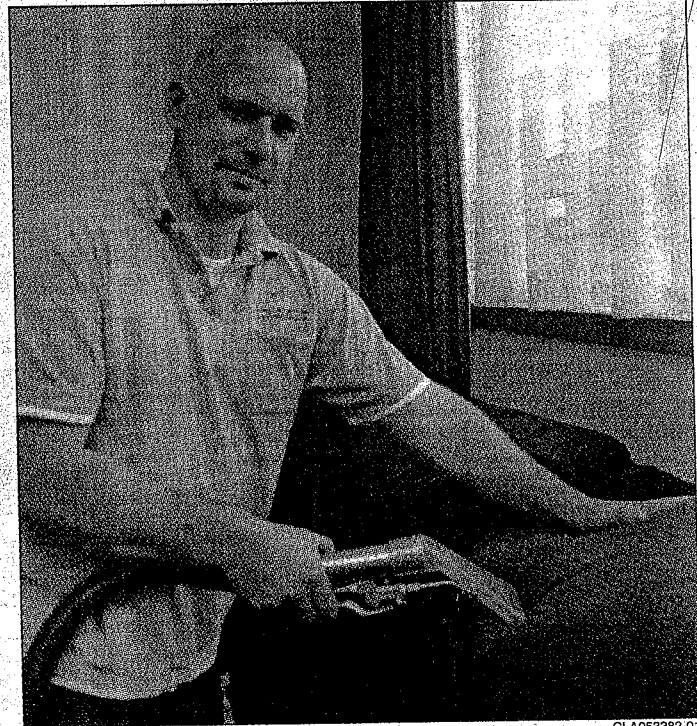

"And because I have been trained by the best in the trade, I can guarantee your satisfaction and give your carpets the best possible chance of removing those stains, if treated promptly."

Bryan is also a carpet layer, so he can tackle those carpet repairs for you while cleaning or even lay new carpet for you.

"We also offer a popular window-cleaning service, which can save you from ringing around for different tradespeople."

Call Bryan or Sarah at King B Carpet Cleaning Services on (06) 878 6699 or (027) 227 4744 today.
