All Hawke's Bay Areas

## King of cleaning festive carpet spills

**T**he silly season is upon us, and Christmas parties and barbecues are in full swing.

A phone number you should keep handy for all your holiday season spills is KING B Carpet Cleaning Services — 878 6699.

Bryan and Sarah Price continue to deliver the same high-quality, professional service that was passed on by the purchase of Busy Bee Services in 2004.

A high-quality deep-steam extraction machine (built into the van), ensures that you receive the best carpet clean ever.

The machine heats water on board to a very high temperature.

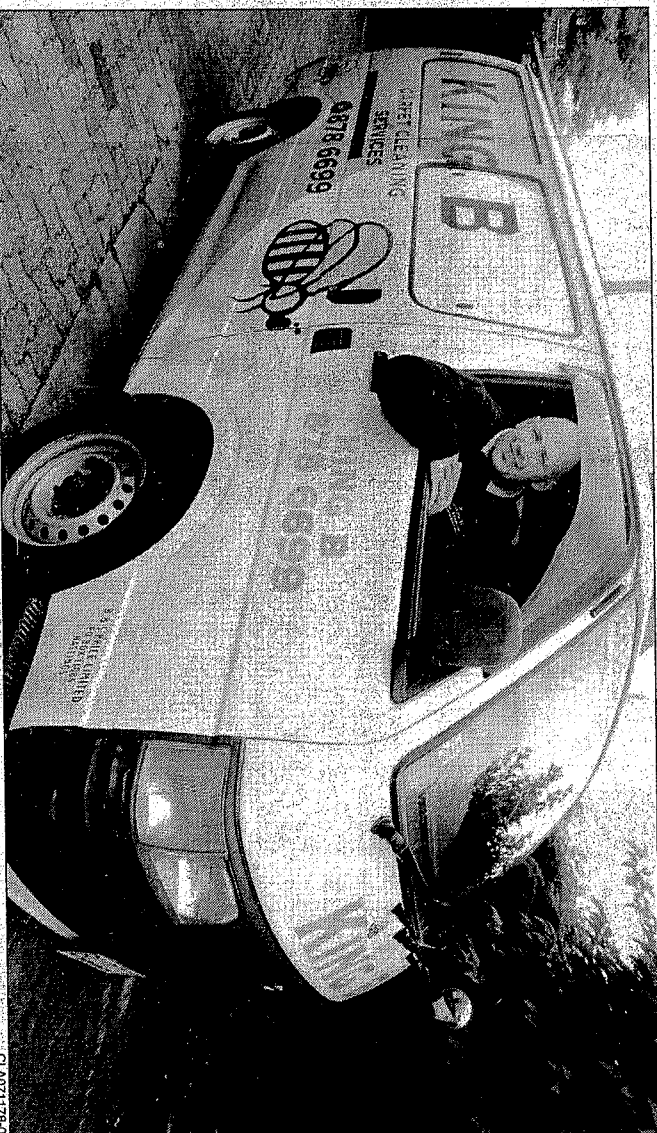

This means faster drying time than other carpet cleaning systems, without using your power or hot water.

Bryan was trained by the best carpet cleaner in the business and can guarantee your satisfaction and give your carpets the best possible chance of removing those stains, if treated promptly.

Bryan also offers carpet laying and window cleaning services which can save you from having to ring around for different trades-people.

KING B Carpet Cleaning Services are available during the holiday season, so phone Bryan or Sarah on 878 6699 or 027 227 474.
